- Frames must be chosen from a group selected by the provider. If the member chooses a frame outside of the group, the member will have to pay any difference between HMSA's allowance and the provider's charge for the frames. If the member replaces only the lenses of his/her glasses, the allowance for frames cannot be applied to the cost of lenses and contact lenses.
- If the member receives benefits for contact lenses, the member is not eligible for frames in the same year. If benefits for frames have been paid in a calendar year, those benefits will be deducted from the benefits for any contact lenses furnished in the same calendar year.
- Exclusions: Sunglasses, prescription inserts for diving masks and any protective eyewear, nonprescription industrial safety goggles, nonstandard items for lenses, including tinting, blending, oversized lenses, invisible bifocals or trifocals, and repair and replacement of frame parts and accessories.
- Contact lenses following cataract surgery are not a benefit.

Important Information

All copayments shown are based on eligible charge. The eligible charge is the amount that HMSA's participating providers have agreed to accept as payment in full for services rendered. All services received from a nonparticipating provider will likely result in significantly higher out-of-pocket expenses since the member is responsible for any difference between HMSA's eligible charge and the nonparticipating provider's actual charge. **Please note:** Eligible charge does not include excise tax or other tax. You are responsible for all taxes related to the medical care you receive.

For Health Plan Hawaii and Health Plan Hawaii Plus, HMSA requires the designation of a primary care provider (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as their PCP.

Women do not need prior authorization from HMSA or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in their health center who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

Services from a non-network provider are not covered with the exception of emergency care and/or referrals from your in-network PCP.

For information on how to select a PCP or a list of participating health care providers, visit hmsa.com/search/providers. If you require a hard copy listing, please visit an HMSA office nearest you or call HMSA Customer Service at 948-6372 on Oahu or toll-free at 1-800-776-4672.
